Dear Madam/Sir,

Subject: Proposal for permission to conduct awareness program

My name Saurabh Sonkar and I work with Vegan Outreach, an international nonprofit organization with a presence in 6 countries which disseminates educational resources on how food choices impact the environment, public health and animals.

We provide free printed educational materials at information tables and invite the university community to make use of our virtual reality headsets with which students can experience the 360-degree technology and learn about important issues related to environment and animal protection in India. Vegan Outreach also offers a free humane education presentation program—an interactive classroom session with a few short videos and plenty of audience participation to encourage students to think critically about solutions to global issues.

We offer our outreach activities **free of cost to educational institutions**. The purpose is to provide resources to the student community so that they can make informed decisions that will improve their health and quality of life as well as contribute towards protecting the environment.

These activities can be linked to student groups or extracurricular student development activities such as the National Service Scheme (NSS). We also provide certifications of social responsibility to universities and student groups affiliated to our outreach program.

We will be working at colleges in Kolkata in the 3rd week of August and would like to request permission to visit VIDyasagar on 18 August. The requirements for our outreach program are minimal as mentioned below:

Activity 1: Virtual Reality video screening and information table

Requirements: 3 x 3 m space with shade in the college lobby for 1 day, 1 desk, 2 chairs

Activity 2: Humane education presentation

Requirements: Classroom or seminar hall with a projector and student audience for half an hour

We assure you that the normal functioning of the college will not be disturbed due to our activities. Please feel free to reach out to me for any clarification.

Sincerely,

SAURABH SONKAR
